Company

thirty years of history

The Figlioli Furniture Company was founded by Mario Giovanni Figlioli, grandson of Mario Figlioli, the grandfather who started the activity of the Family Figlioli in the craft sector in 1954. Mario Giovanni has specialized over the years in the design, installation and supplying projects using the experience of the family Figlioli in the lighting sector with Due Effe chandeliers (2effestyle), founded by Francesco Figlioli in 1983 and furniture industry founded by his uncle Salvatore Messina in 1970, husband of Mario Figlioli's daughter. The founders spent most of their life in Florence, working with florentine handicraftsmen, where they learned the techniques and secrets of this art. Due Effe Lampadari and Exedra have been created. In 2006 growing up

generation of sons has joined family business. The idea of new generation was to unite all advantages and experience of both productions, having kept an initial name of the company Figlioli Furniture and enter into the international market, offering turnkey full projects. Today the company offers full range of services – designing, supplying (hotels, restaurants, private villas) not only with furniture and lighting produced at our own factories that guarantees you the best prices, but also with marble, wall-paper, accessories and sewing of curtains.

We have a team of architects, interior designers, quality supervision, shipping and installation experts, all ready to satisfy every needs and requests.

With a long family tradition , our company maintains its roots by three generations, which have made of stone, marble and granite , a real family history. Our company is constantly engaged in the research of new materials and innovative colors, has matured over time the know-how better to fulfill all requests , even the most particular of its customers, putting at its service the vast experience acquired in the production and processing of granite, onyx and travertine and stone. The particular characteristics and features of Cotto Flooring come from a unique natural blend of clay and volcanic lava sand (basalt). This mixture fired at very high temperature gives the product its characteristic colouring and ensures its high resistance to wear, to changes of temperature

and a considerable thermal comfort. The colour variation adds to the simplicity of the terracotta and makes each piece unique. The wide range of products, both machine made and hand made, proposed by the Company, renders the product particularly suitable for furnishing both public and private areas, for both indoor and outdoor.

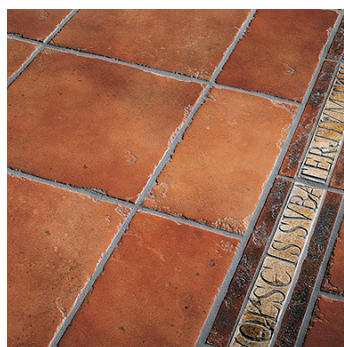

Marble

We are able to provide excellent quality of Italian marble, like white marble of Carrara, the famous marble Giallo Siena, the Classic Botticino and the Calcatta. We can supply approximately 20 kinds of marble. Not only for your marble flooring, but also other precious materials such as onyx, travertine and granite.

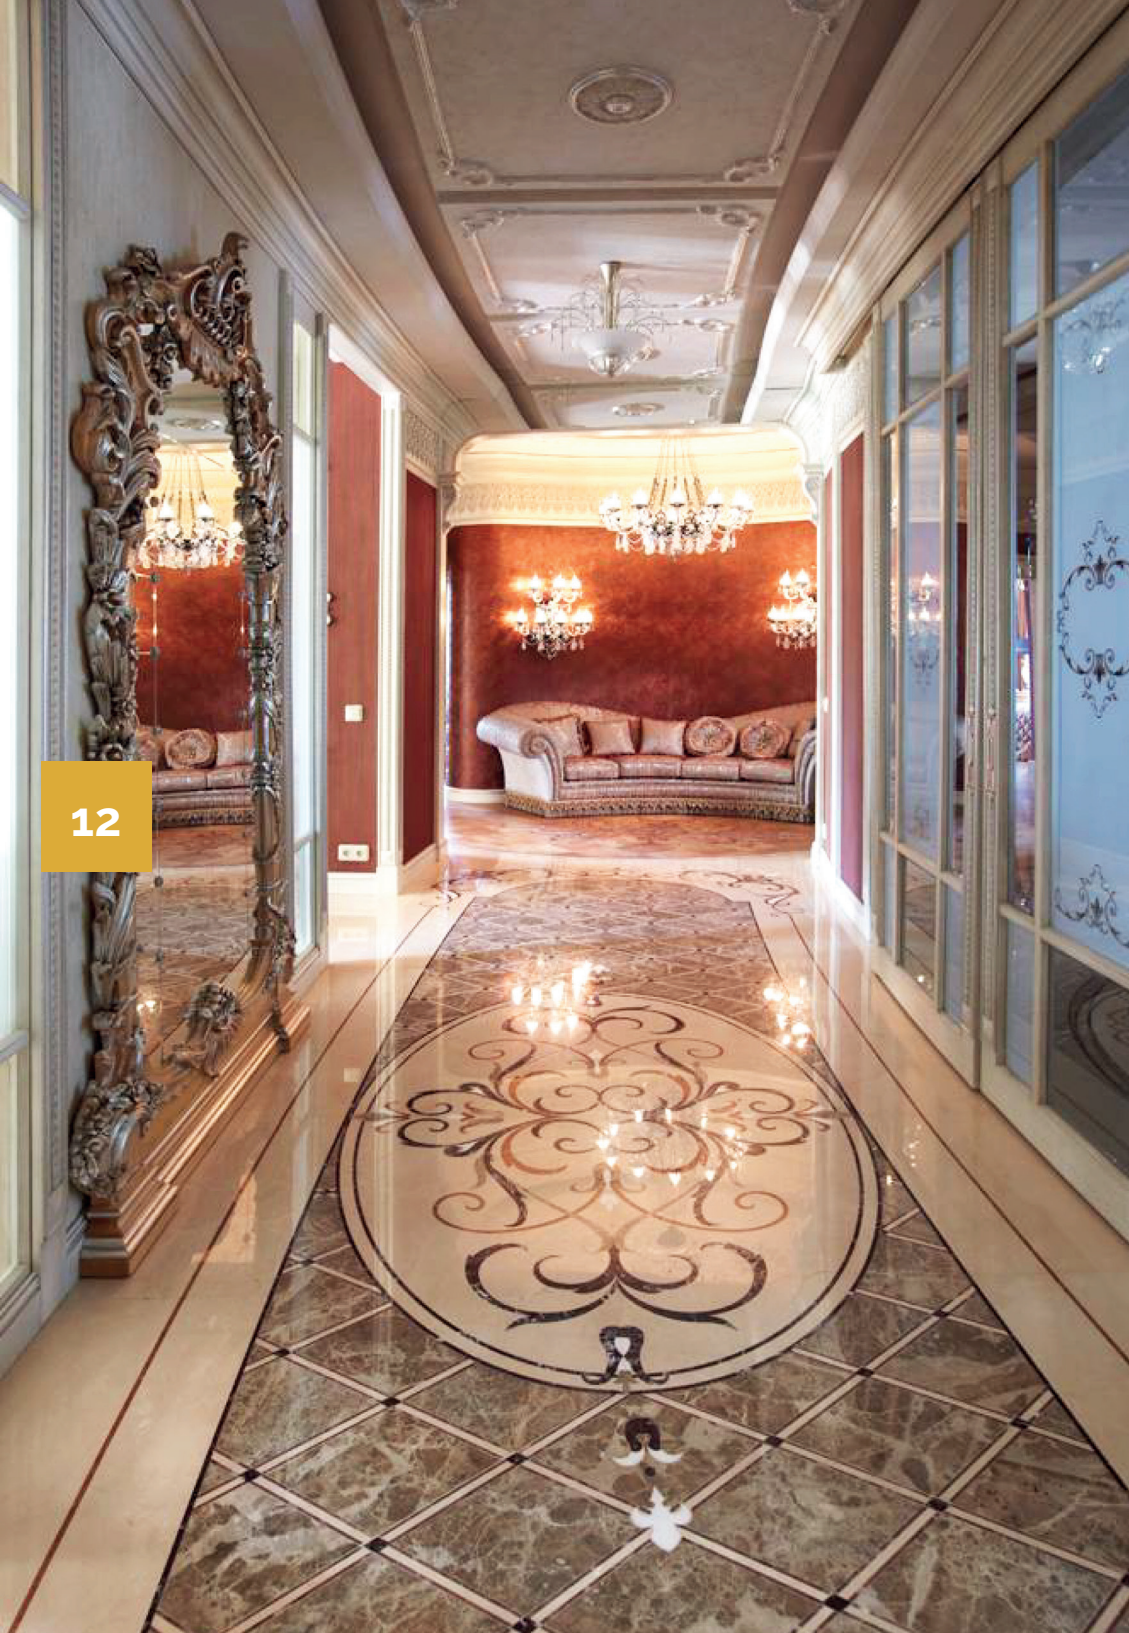

Parquet

Retrieved wood is worked in our mountain sawmill, where expert hands clean planks and beams, thus starting the delicate procedure of transformation. In fact, being wood a natural material, it presents many varieties. Our antique wood can be characterised by the presence of big knots, or blackenings due to nail holes, holes caused by insects possible traces of alburnum, wooden dowels and possible stucco putties derived from restoring interventions: all these elements are typical of antique wood and confirm its authenticity.

Wallpaper

just not only walls

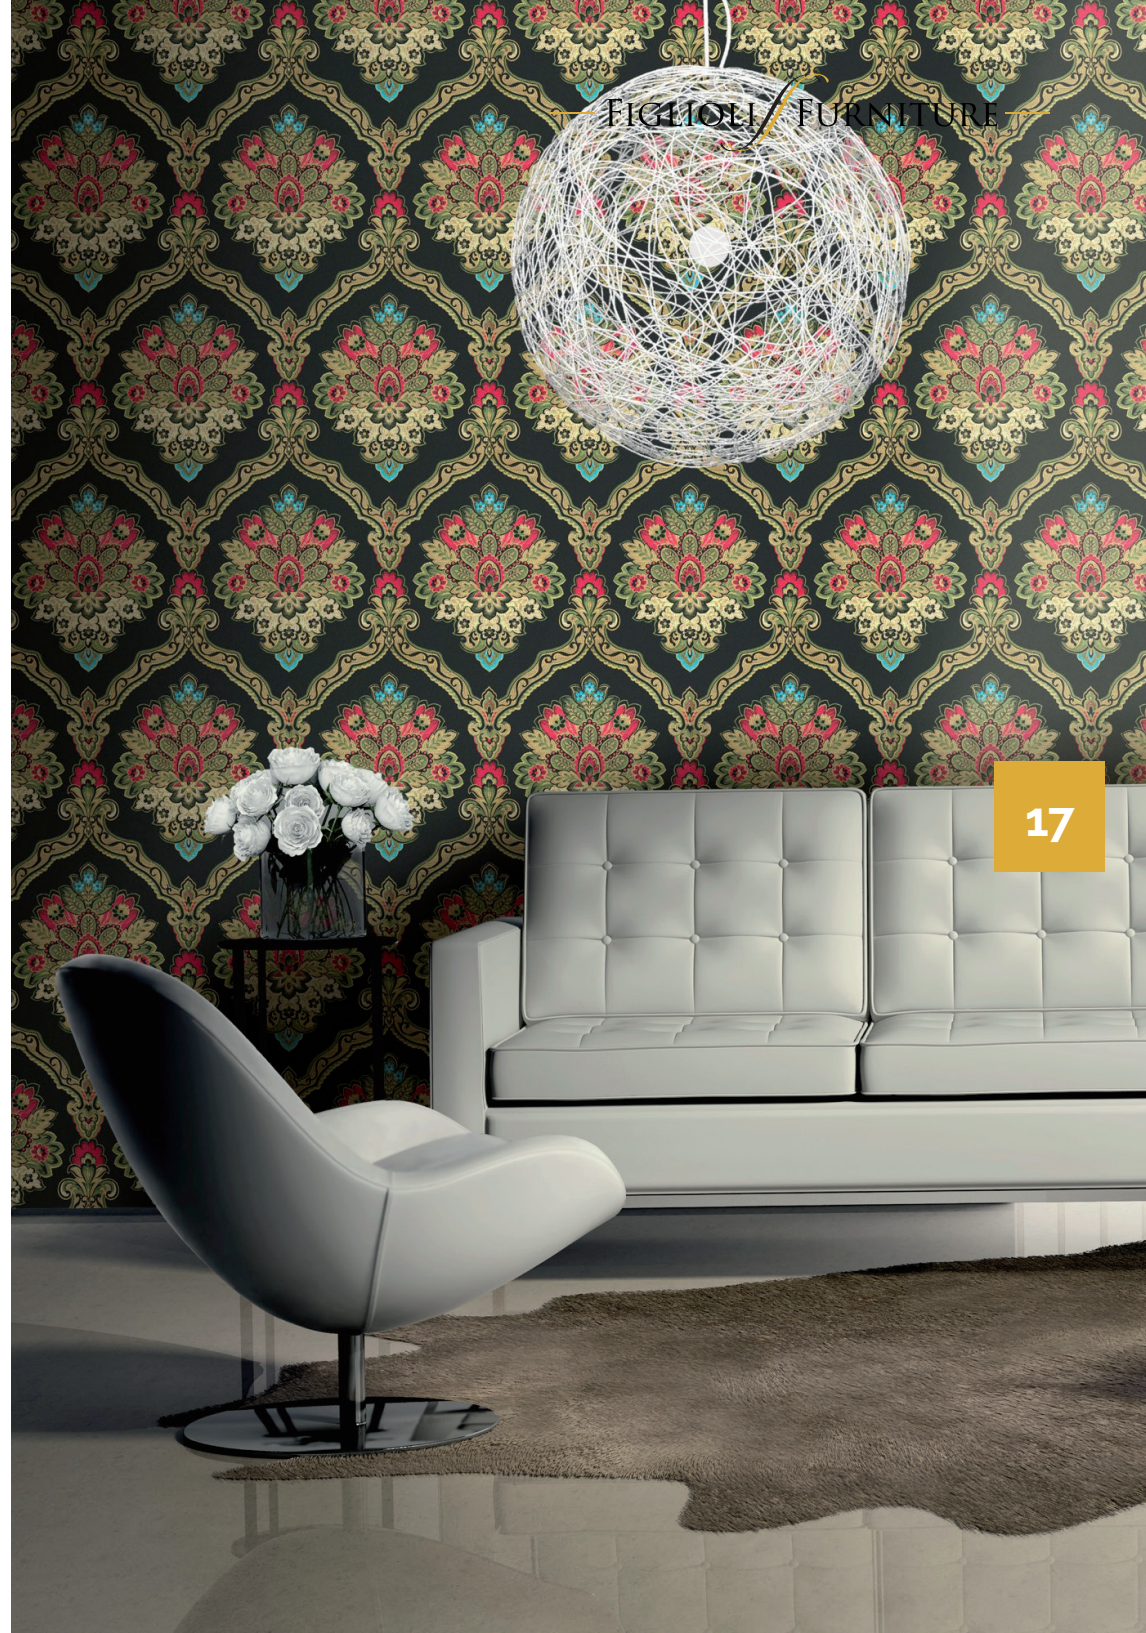

16

At first, by exclusive collections of printed textiles made by 100% linen. Afterwards, we focused our production on “strings” wallcoverings, plains & prints by using natural & artificial yarns.

From that time, we grew step by step enlarging our textile production successfully. We’ve been one of the first companies that produced textile Jacquards for wall covering application and as a result our Jacquard Collections gained appreciation for type of designs and color shades.

Nowadays , we’re in the worldwide market with more than 15 current Jacquard Textile Collections through which any needs or requirements of interior designers may be satisfied for chromatic solutions of the walls. Feature of our textile Jacquards is the design’ stroke

clear & definite - in several width of motifs - which by using different interlacing and fibers from different nature (i.e. silk - viscose - shining polyester etc.) create play of light, colors and iridescent tones.

Painting

when walls become artworks

20

For decoration of interior walls and walls means a wide range of decorative solutions that can transform a space and naked into something evolved and unico. Grazie to its experience and professionalism, he is able to give a character to the naked matter, dressing the space and turning it into art through the use of natural materials and the adoption of tools and techniques closely tied to tradition.

Any surface (walls, ceilings, floors, etc.) Can be the ideal space for imaginative metamorphosis that leads to something unique, enjoyable and aesthetically valid: the skillful decoration becomes art.

The natural color of the elements, stucco, lime, returning to bioediliza concepts, the health of the environment, the harmony between man and nature:

these are the concepts that underlie the actions and processes of excellent professionals.

In this way, the interior decoration is to be understood as true art. Knowledge of technique used by our grandparents, the result of an ancient tradition, it is still applied today with wisdom and ability.
